

# Slow Down for Peace

**July 1st through July 6<sup>th</sup>, 2007**

The week of July 1st, drive the speed limit for Peace

- During the week of July 1st through July 6th, drive at or slightly *under* the posted speed limit.

This peaceful protest will have several positive effects:

1. You will save gas and reduce the need of OIL.
2. You will be demonstrating to the Bush administration how to obey the law.
3. You be able to express solidarity with like minded citizens for Peace.
4. People will have more time to read your bumper stickers!

Please don't under-estimate the power of this protest:

- It is completely legal and **everyone** who drives can participate
- The most affected are those who are impatient and aggressive
- It should actually REDUCE highway accidents and gas usage
- Rush hour and Holiday traffic will make this protest highly visible
